

BODEGA GARZÓN URUGUAY

The greatest wines of the world are produced where a grape varietal finds the ideal conditions to express itself in a natural and authentic way. At Bodega Garzón, we are guided by a philosophy to fully express our unique terroir with wines that are pure, have distinct tension, and a vitality that leads to delicious drinkability.

Albariño VARIETAL 2015

A stellar vintage, 2015 was quite warm and dry allowing the grapes to achieve a full and healthy maturation. For the Albariño, full flavor development occurred at a slightly higher sugar level than in 2014 resulting in moderately elevated alcohol levels and fabulous acidity. The grapes were handpicked, whole cluster gently pressed, and the juice was kept on the lees for a few days before being settled and racked. It was then fermented in stainless steel tanks and kept on the lees for a few months adding additional layers of complexity before being bottled.

The wine exhibits stone fruit aromatics like apricot and white peach while the mouth has a beautiful richness and mid-palate, along with a natural freshness, tension, and verticality coming from the granite soil.

TECHNICAL SHEET

VARIETAL:	100% Albariño
REGION:	Garzón, Uruguay
ALCOHOL:	14.5%
RESIDUAL SUGAR:	2.0 g/L
ACIDITY (H2T):	6.7 g/L
pH:	3.12
AGING:	Stainless Steel with six months on the lees
BOTTLING DATE:	July 2015
OENOLOGICAL CONSULTANT:	Alberto Antonini
WINEMAKER:	German Bruzzone
VITICULTURIST:	Eduardo Felix

Bodega Garzón is close to Punta del Este, La Barra, and Jose Ignacio – Uruguayan Paradise at its best with mesmerizing landscapes.

Located eleven miles from the Atlantic Ocean, the estate has more than 1,000 small vineyard blocks covering its hillside slopes that benefit from varying microclimates, different levels of humidity, and intense canopy management. These factors allow the vines to develop with maximum exposure to the sun providing rich, expressive fruit. The vineyards are surrounded by a lush forest, rocky soils, boulders, and palm trees. The winery's design intent is innovation and sustainability.
