

2010 GRAN RESERVA MALBEC

The Malbec grapes for this special wine are handpicked from our estate vineyards in the skyscraper heights of the Uco Valley in Mendoza. Vines in this region face harsh winters and warm summers with mild days and very cold nights. The vines are planted in a rocky, sandy loam with medium to low fertility, good drainage, and low organic material content and salinity levels.

The 2010 Gran Reserva Malbec is a seductive deep crimson red in the glass. As you swirl, a potpourri of cinnamon and tobacco mingle with notes of candied cherry and raspberry. Upon sipping, your palate is met by an impressive velvety mouthfeel. Flavors of boysenberry meld with spicy undertones and hints of dried fruit, leading into a long, supple finish. Excellent aging potential.
